WORK EXPERIENCE

PedidosYa

Senior Analyst, Strategy & Performance

Lima, PE

Oct 2025 – Present

- Partnered with the Peru Managing Director to shape the 2026 country strategy for a business operating at €24.7M monthly GMV, 2.38M monthly orders, and 697k active users, translating strategic priorities into actionable growth levers across core business lines.
- Led performance-control initiatives across a 5-person cross-functional team spanning Business Intelligence, Planning, and Development, building reporting and decision frameworks that improved execution visibility and prioritisation.
- Delivered executive-level performance insights and strategic updates to Regional C-level leadership, supporting initiatives that contributed to results such as +33.5% YoY GMV growth, +46.6% YoY Quick Commerce GMV growth, and €79.6k better-than-budget adjusted EBITDA performance.

Banco de Crédito del Perú

Analyst I & II, iO: Neobanking

Lima, PE

Nov 2023 – Sep 2025

- Led strategic initiatives as part of the Loyalty Squad to strengthen the cashback value proposition, from customer insight generation and benchmarking to cross-functional execution, improving the end-to-end redemption journey and contributing to 15,000+ monthly cashback redemptions.
- Developed business cases and strategic recommendations to improve the credit card proposition, partnering with senior stakeholders to prioritise customer-facing initiatives and growth opportunities.
- Built analytical tools in Power BI and Python (scikit-learn) to track CAC, LTV, churn, and user behavior, driving product and promotional decisions that reduced churn by 12% YoY and promotional cost by 25%.
- Coordinated cross-functional workstreams across IT, Customer Service, and Product to redesign incident-management processes, reducing escalation errors by 50% and improving SLA performance from 90% to 98%.

EY Parthenon

Intern, Strategy & Transactions

Lima, PE

May 2023 – Oct 2023

- Developed a market-entry strategy for a fintech client by analyzing 10+ competitors and translating findings into actionable recommendations to support LATAM expansion.
- Built a scalable financial-model template in Excel that was later adopted internally, reducing analysis time by 50% in subsequent projects.
- Facilitated a cross-functional strategy workshop with client stakeholders and teams across Engineering, Design, and Sales, aligning priorities and converting strategic goals into a clear six-month roadmap.

EDUCATION

Universidad del Pacífico

Bachelor's in Business Administration (Concentration in Finance)

Lima, PE

Jan 2018 – Dec 2023

- **GPA:** 3.72 / 4.00
- **Honors:** Top 3%; AUSJAL Scholarship
